

## Biosecurity Readiness at Livestock Auction Facilities

On 13 November 2020, the Biosecurity Rules for Livestock Agents (Rules) were published in Government Gazette 43900, Board Notice 135 of 2020. Adherence to these Rules became compulsory on 1 July 2021 and all livestock agents (auction facilities and procedures) are now eligible to be audited as contemplated in section 1(d). An audit will serve to determine overall biosecurity compliance.

In preparation of audits, all livestock agents were requested on 1 September 2021 to provide APAC with their state of readiness. The table below reflects inputs received. Where no inputs were received, it is assumed that the livestock agency concerned has not given any attention to biosecurity.

Independent auctions will from hereon be undertaken by the Foot-and-Mouth Disease Forum. The chairperson, Mr. Willem van Jaarsveld, will oversee the process and can be contacted at (082) 451-7913 or info@fmdforum.co.za to arrange audits or for additional information.

### Legend:

- Full Implementation and compliance to the Rules
- Significant Progress made with Implementation and Compliance to the Rules
- Progress made, but significant work must still be done in order to reach full Compliance to the rules
- No Progress made towards Compliance to the Rules
